Please Read Carefully Before Ordering

ORDER EARLY—This is encouraged to avoid disappointment in the event the variety selected be sold out. Please write your name and address plainly.

STOCK—All bulbs are of good blooming size. We do not substitute unless directed to do so. Three of same variety will be sold at the dozen rate.

TERMS—Cash should accompany all orders unless satisfactory credit references are given.

POSTAGE—All retail orders will be delivered prepaid to all points reached by Parcel Post.

GUARANTEE—We exercise every care to ship only first class stock and will make every effort to satisfy all of our customers. We will gladly make replacement or refund purchase price of any stock that does not prove true to name. However, we cannot be responsible for more than the price actually paid for the stock.

We guarantee the safe arrival of your stock. Please notify us at once if shipment should not arrive in satisfactory condition.

INTRODUCTION

OUR growing conditions are ideal for the production of strong, healthy stock and with our efficient methods and expert help, we are enabled at all times to give our bulbs the very best of care, during their planting, growing, harvesting, and storage. This assures you of the best possible bulbs and they will therefore produce the most beautiful flowers.

We make no effort to force our stock to maturity, rather would we prefer continued success with the best wishes of those who have grown our bulbs.

Our non-competitive display at the Ohio State Gladiolus Society's Show at Youngstown, O., in August, has brought forth most favorable national comment. This is but another reflection of the high quality of stock that we grow and send to our customers at all times.

You Are Invited

to enjoy the pleasures of our garden and the freedom of our large farm. We are ideally situated, commanding a most beautiful view.

There will be many thousands in bloom during the season, from middle July until frosts.

We are located about 18 miles north of Youngstown, Ohio, Ohio State Route No. 7.

Watch for our sign.

Garden Mixture

To those who prefer a large collection of Gladiolus of the newer and better varieties at a moderate price, this mixture offers an unusual opportunity to secure a large variety of color and type; while our Garden Mixture is made up entirely from our regular stock the different varieties will not be labeled. They will, however, have our guarantee of good healthy stock and be of good blooming size.

Garden Mixture: per 15, **\$1.00**; per 50, **\$3.00**; per 100, **\$5.00**.

Popular Mixture

This mixture is made up to meet the demand for a popular priced mixture and is an exceptional value. It will have my usual guarantee of good healthy stock and of good blooming size.

Popular Mixture: per 100, **\$3.00**.

Cultural Directions

The Gladiolus of today enjoy a much deserved popularity, with their wonderful beauty and ease of cultivation. Plant the bulbs in the spring after all danger of severe frost has passed. Plant them from four to six inches deep—the lighter soil requires the greater depth. It is better to prepare the ground in the fall with a good application of manure. If you fertilize at planting time, use only well-rotted manure, a commercial fertilizer high in potash, or bone meal. A light application near the rows after they are up about six inches, of bone meal or sheep manure is beneficial. (Never permit fertilizer to come in contact with bulbs). At all times keep free from weeds and the soil loose by thorough cultivation. Water only when needed, then thorough.

Cut the blooms if you wish when the first bud opens, leaving not less than four leaves to help mature the bulb.

Dig when foliage turns brown, or when they are killed by frosts. Cut foliage off close to bulb; permit them to dry thoroughly by keeping them spread out, with an occasional shaking. Keep from frosts at all times.

The curing should require from three to five weeks, at which time the old bulb and roots may be easily removed. The new bulbs should then be put in shallow trays and stored for the winter in a cool, dry, frost-proof place.

Gladiolus Societies

Ohio State Gladiolus Society will welcome you as a member. Fred E. Hubler, secretary, Elva Ave., Youngstown, O.

The American Gladiolus Society extends to you an invitation to become one of their members. Your membership will include the "Review," a monthly publication devoted entirely to this wonderful flower. Annual dues of two dollars.

Address,

ROSCOE HUFF, Secretary, Goshen, Indiana.
